

## **Metric wheel**

Measuring roller

**Metric measuring tape measure** with flexible fibreglass tape and ABS case with impactresistant, non-slip rubber inserts. The **retractable steel crank rewind system** makes the tape measure compact and pocket-friendly, preventing breakage from accidental falls.

The Kapriol retractable tape measure is available in 10 or 20 metre lengths.

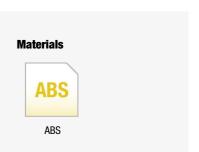

## **TECHNICAL SPECIFICATIONS**

- case with non-slip rubber inserts
- flexible fibre tape
- · rewinding system with retractable steel crank handle

## **MATERIAL**

• Structure: ABS and rubber

· Tape: glass fibre
