Available colors:

CITRONELLA

The **Enduro High** model is a lightweight yet sturdy sports shoe made from materials that guarantee maximum adaptability to every foot shape, making it both technical and comfortable.

These high sports shoes are equipped with an **EVA midsole** that guarantees a high cushioning effect and elasticity. The **rubber sole**, on the other hand, provides the shoe with excellent grip.

The Enduro High sports shoes have a **water-repellent inner membrane** to protect the foot when in contact with liquid substances.

TECHNICAL SPECIFICATIONS

- treaded rubber sole provides excellent grip
- EVA midsole ensures better shock absorption
- nylon upper with split inserts
- water-repellent inner membrane
- double crust reinforcement on the toe increases wear resistance
- padded tongue and welt for greater comfort
